ADDRESS DELIVERED BY

HIS HONOR, MAYOR ALBERT SHEDD.

At the Joint Convention of the City Councils, Jan 1, 1910.

GENTLEMEN OF THE CITY COUNCILS:

We are gathered today in accordance with the provisions of the City Charter to perform the duties imposed upon us, and in planing the work for the coming year we should consider the growth and prosperous condition of the city, and while recognizing the need of increased appropriations in some departments, it should ever be our aim to secure the best possible results from the money expended. The following financial statement will show to you the condition of the city's finances at the end of the fiscal year:

FINANCIAL STATEMENT, DEC. 31, 1909.

Liabilities:

Bonded Debt	$893,508.91
Time Notes	18,000.00
Demand Notes	56 463.10
	$967,972.01

Resources:

Uncollected Taxes for 1906.....	$ 2,049 44	
Uncollected Taxes for 1907.....	5,911.11	
Uncollected Taxes for 1908.....	7,517.29	
Uncollected Taxes for 1909.....	63,282.92	
Sinking fund.....	296,846.88	
Taxes purchased by city.....	1,341.72	
Cash on hand.....	7,531.27	
		$384,480.63
Net Debt Dec. 31, 1909.....		583,491.38
		$967,972.01
Net Debt in 1908.....	$602,411.46	
Net Debt in 1909.....	583,491.38	
Decrease in Debt.....		$18,920.08

STREET LIGHTS.

The city is now lighted by 366 lights, of which 272 are arc lights, at a cost of $100 each, and 94 incandescent lights, at a cost of $30 each. The cost of street lights as now equipped for 1910 will be $30,020. There are a number of petitions on file for street lights which will require early attention. I would again call special attention to the need of pruning shade trees that now obstruct street lights to a proper height, that a better service may be obtained and would recommend that some arc lights be discontinued and in place of each arc light there be substituted three incandescent lights.

CITY FARM.

The City Farm for the past year has been under the care of the Committee on Lands and Buildings. It will soon be necessary for the City Councils to adopt some policy in regard to this property. I would recommend that the farm be sold if a fair valuation can be obtained for it, reserving the isolation hospital and twenty or more acres of land.

POLICE DEPARTMENT.

It is not within my province to advise a department governed by a commission appointed by the governor and council, but it is our duty to provide sufficient funds to enable the police to properly and faithfully perform the duties. It is the duty of the Police Commission to see that its officers perform their duties by enforcing the laws and Ordinances, all of which should be faithfully and impartially enforced, that a cleaner and more wholesome civic condition may prevail.

CEMETERIES.

The forthcoming annual report from the Trustees of Edgewood, Woodlawn and suburban cemeteries will show statistics and items of interest as to the work done and the progress made during the past year. Considering the means at their disposal the Trustees have made the best showing possible, and our cemeteries have presented a fine appearance the past season.

FIRE DEPARTMENT.

This department is one whose efficiency and fire fighting ability is duly recognized by all taxpayers. During the past

year there has been installed twenty new hydrants making the whole number, to date, 323. Twenty more are needed in the business section to better protect property, where our firemen are now badly handicapped for want of this service.

SCHOOL DEPARTMENT.

This important department is one which should be dealt with liberally as its increasing growth requires. During the past year there has been built a three-story six-room addition to the High School building at a cost of $16,000 and furnished at a cost of $1,200. Attention has been called to and there is now pending before the City Councils a resolution appropriating money for evening schools. I recommend that this receive early attention. Also ask you to consider if advisable to make evening schools permanent. The installing of manual training in our public schools is a subject that will be asked for and should receive your candid consideration. Our schools are taught by an able and efficient corps of teachers, and they are under the present system, rendering the best of service possible.

BOARD OF PUBLIC WORKS.

This department is now concentrating its efforts on plans which are under way to replace Taylor's Falls bridge, which has been declared by expert engineers to be in a dangerous condition. This will require an appropriation for the Board somewhat in excess of last year. For an accounting of this department for the past year you are referred to the coming report of the Board.

ASSESSORS' DEPARTMENT.

The invoice taken in April, resulted in the finding of 7,349 polls, and a valuation of real and personal estate to the amount

of $16,357,533. Increase in polls from 1908, 106. Increase in total valuation from 1908, $987,013.

While the tax rates of other cities and towns in the state have been largely increased by reason of the large increase of the state tax, the taxpayers of this city are to be congratulated, that by the efficient work of this department, the tax rate has been kept within the present limit.

During the year a card index of ownership and transfers of all real estate as used in other cities has been inaugurated. This, with the mapping of the farm lands of the city, now being done by the Engineer's Department, when completed will greatly facilitate the work of the department, insuring more accuracy in the assessment of, also add materially to the real estate valuation of the city. I would recommend an appropriation for this department sufficient to continue improvements now under way.

CONCLUSION.

In conclusion I desire to heartily thank the City Treasurer, the City Clerk and all others who have courteously assisted me to such information as I desired, and may we be stimulated with new energy to go forward and perform all duties imposed upon us in a true and faithful manner, always having the best interests of our city at heart.

City Government of the City of Nashua,

For the Years 1909-10.

Board of Mayor and Aldermen.

MAYOR AND CHAIRMAN OF THE BOARD,

HON. ALBERT SHEDD,

Residence, 267 Main Street.

Reservoirs.

Temple Street, corner of Main.

Fire Alarm Telegraph.

This branch of the service is now in perfect condition excepting the placing of wires in ducts located by N. E. T. & T. Co. in place of over head wires.

Instructions to Key Holders and Citizens.

1. Upon the discovery of a fire, go to the nearest box, break glass in key box, place key in lock, turn, and hold back with key, as it is a spring lock, pull down the hook as far as it will go ; shut the door. Do not try to remove the key, as it is locked in, and cannot be removed only by the engineers.

2. All persons giving the alarms should remain awhile beside the box so as to direct the firemen to the fire.

3. No person will give an alarm for the same fire after the

first alarm has been given without an order from the engineer or the officer in command, and the person so ordered will be sure to go to the same box from which the first alarm was given and report to the chief engineer.

4: Never signal for a fire seen at a distance; never touch a box except to give an alarm of fire. Do not give an alarm for a chimney or grass fire, but notify Central or nearest fire station by telephone.

Apparatus and Hose.

The apparatus consist of four Amoskeag steam fire engines, one-horse reel, four two-horse hose wagons, four supply wagons, one hook and ladder truck, one combination chemical and hook and ladder truck, one Babcock chemical engine.

We find it necessary to make repairs to the several steamers at an estimated expense of $1,000.00

We have at present, about 10,000 feet of fabric hose in good condition.

Estimated Value of Property.

Steamer No. 1	$3,000.00
Steamer No. 2	3,000.00
Steamer No. 3	3,000.00
Steamer No. 4	4,250.00
Combination Chemical and Hook and Ladder No. 2	2,100.00
Hook and Ladder No. 1	1,900.00
Chemical No. 1	1,800.00
Old Ladder Truck	200.00
Hose wagon, Engine No. 1	400.00
Hose wagon, Engine No. 2	425.00
Hose wagon, Engine No. 3	400.00

Hose wagon, Engine No. 4	425.00	
Hose reel, spare	150.00	
Hose carriage, hand	100.00	
Two hose jumpers	100.00	
Supply wagons (4)	650.00	
Line wagons	145.00	
Hose	7,200.00	
Horses (28) and blankets	5,300.00	
Harness	2,200.00	
Tools	200.00	
Chief's wagon	150.00	
Furniture etc	1,240.00	
Badges	100.00	
Central Station	34,000.00	
Arlington Street Station	6,000.00	
Lake Street Station	10,000.00	
Amherst Street Station	41,000.00	
Fire Alarm Telegraph	13,900.00	
		$143,335.00

We would recommend the following: An up-to-date Aerial Ladder Truck estimated cost $5,000, an addition to Lake street station for drilling purposes, estimated cost $500, also cable to be placed in ducts laid by New England Telephone & Telegraph Co. in place of overhead wires at an estimated cost of $500; purchase 1,000 feet hose estimated cost $1,000 and an appropriation of $40,000 for running expenses of the Fire Department for year 1910.

Respectfully submitted

G. F. ADAMS,
H. W. RAMSDELL,
F. T. LEWIS,

Fire Commissioners.

ANNUAL REPORT

OF THE

BOARD OF PUBLIC WORKS

FOR THE

YEAR ENDING, DECEMBER 15, 1909.

Some Items of Expenditures.

Bridges and Culverts:

This item includes the maintenance of all highway bridges within the City limits, such as painting and resurfacing with plank and tar $137.03

Repairing bridges and culverts in the Suburban districts 141.42

Catch Basins:

General cleaning and repairing and cost of constructing new ones 535.45

19 new basins were constructed this year and are distributed as follows:— Broad Street 2, Columbia Avenue 1, Concord Street 1, Cottage Avenue 1, Factory Street 1, Harbor Avenue 1, Lake Street 2, Main Street 2, Newbury Street 3, Perham Street 1, Pine Street 1, Sanders Street 2, Sullivan Street 1.

Crossings:

Cost of constructing and maintaining tar and flagstone crossings 592.88

General repairs and maintenance:

This is necessarily a large expenditure and covers all repairing to street and road surface, such as resurfacing with gravel, patching and general maintenance. Among the greater expenditures are as follows:—

Allds Street	312.13
Amherst Street	428.45
Arlington Street	173.76

Belknap Street	$172.25
Bower Street	146.50
Central Street	105.75
Chandler Street	117.86
Crown Street	191.31
Gillis Street	112.75
Gilman Street	170.75
Hollis Street, East	136.75
Hollis Street, West	253.87
Kinsley Street	155.50
Lake Street	205.75
Lock Street	199.62
Lowell Road	932.42
Main Street	188.40
Otterson Street	110.19
Palm Street	196.25
Pine Street	380.37
Suburban Roads	1,654.11
Temple Street	141.19
Tolles Street	317.22
Whitney Street	183.99

Paving Gutters:

Not much new work was done in this line during the year, but several were repaired, the larger, being:—

Manchester Street	55.38
Otterson Street	21.00
Spring Street	29.38

Removing Snow and Sanding Walks:

This includes all work incident to keeping streets and walks in passable condition during the winter. 2,357.48

Paving:

The following is a list of streets paved during 1909, part of the material used came from the City's Crushing plant.

Arlington Street, Macadam	441.85
Concord Street, Macadam	2,487.48
Lowell Road, Macadam	9,227.66
Spring Street, Macadam	161.00
Franklin Street, Granite Block	1,175.96
East Hollis Street, Granite Block	928.42
Main Street, Block of Macadam	974.28
Edgestone	$1,324.17

During the past year much of the old edgestone in the city has been reset, and new edgestone has been set in the following places :—

APPLICANT	Location.	Feet Set.
Bridget Gaffney	Ash Street	68.3
Endeavor Building Company	51-53 Blossom Street	133.5
Protestant Orphanage	Burritt Street	116.6
	Prospect Street	53.6
	Spring Street	14.7
Edward S. Defoe	6 Chase Street	85.2
T. F. Chase	2-4 Chase Street	135.1
Samuel Hood	Bridge and D Streets	231.9
George Gagnon	42-43 Perham Street	95.3
	Main corner Hollis Street	55.9
Chas. R. Blake	Kendrick Street	56.2
M. H. Sullivan	Hamilton Street	74.35
J. B. Boiswert	94 Lock Street	45.2
Telesphore Levesque	92 Lock Street	144.0
Octave St. Laurent	14 Linden Street	33.0
Joseph Deschamps	16 Linden Street	37.0
J. W. Mitchell	18 Linden Street	55.3
	Concord Street	52.5
Albert Shedd	Prospect Avenue	111.3
Geo. F. Paradis	Perham Street	47.4
John Peters	Pine Street	24.3
	Salem Street	46.3

City Waste:

The collection and disposal of waste material from households and stores is one of the large items, and is continually growing owing to the increase in population. The cost of labor and teams this year was..... $5,080.26

This includes the removing of dangerous limbs in the city streets, cost this year.... 230.94

Street Cleaning:

Including all work of cleaning and keeping the streets of the city in a sanitary condition, both paved and unpaved..... ..... $6,919.26

Repair Tools:

Including all repairs to tools and machinery except the city teams, which are included in a seperate item..... ..... 301.14

Tools and Supplies:

The cost of new tools, machinery and supplies not otherwise accounted for are charged under this item. The following is an inventory of tools and supplies on hand December 15, 1909 1,500.66

Inventory.

1 new road machine
9 old snow plows
6 new patent snow plows
9 barrow carts

1 rooter plow.
2 common plows.
2 harrows.
2 desks.
12 chairs.
2 tables.
31 lanterns.
6 hooks.
9 forks
33 wooden shovels.
28 long handled shovels, iron square point.
2 long handled shovels, iron rod point.
23 short handled shovels, iron rod point.
28 short handled shovels, iron square point.
31 picks.
5 mattox.
4 grub hoes.
5 pair rubber boots.
2 dippers.
2 hydrant wrenches.
3 grindstones.
16 small bars.
2 bush scythes.
3 scythes and snaths.
5 mauls.
1 ice chisel.
5 rattan brooms.
1 diaphgram pump.
1 force pump.
3 cross cut saws.
3 hand saws.
3 wooden scrapers.
18 iron rakes.
7 wheelbarrows.

4 large settees.
3 stoves.
17 wood rakes.
1 carpenters adz.
4 small ladders.
28 pails.
2 extension ladders.
2 pieces 10 in. akron pipe.
2 pieces 12 in. akron pipe.
3 pieces 18 in. akron pipe.
4 15 in. akron y's.
4 18 in. akron y's.
10 y's various sizes.
1 square spade.
27 large stone drills.
25 small stone drills.
4 tamping bars.
Quantity of brass rods for repairing traps.
3 levels.
2 squares.
11 iron bars.
3 trowels.
3 paving hammers.
4 small hammers.
4 large hammers.
4 brooms.
3 screens.
1 small seive.
2 tripods.
1 chain pulley.
6 paving rammers.
5 dirt rammers.
2 chains.
Quantity of rope.
2 shut off wrenches.

6 traps.
2 small pulleys.
2 jack screws.
2 plank pullers.
3 axes.
3 large oil cans.
2 small oil cans.
10 trap weights.
1 hatchet.
28 hoes.
1 vice.
3 driving caps for sewer plank.
1 stilson wrench.
2 stamps.
3 tool chests.
3900 sewer plank.
200 tons sand.
6 baskets.
1 12-ton Buffalo Pitts Steam Roller.
1 portable Crushing Plant, "Champion" engine and boiler, crusher, elevator and bins.
500 brick seconds.
500 tons crushed stone.
2 tons screening.
8 wooden rakes.
5 moth clippers.
1½ can blasting powder.
6 large rims.
4 small rims.
19 clappers.
4 oil coats.
4 oil pants.
2 monkey wrenches.
1 common lamp.

7 wood pails.
1 hose reel.

Sundries :

This item includes some grading at the South Common, Board of Superintendents horse and miscellaneous charges..... .... $546.31

Sewer Department.

Maintenance :

Repairs on all sewers.... ..... $154.67

Construction :

Auditor.

NASHUA, N. H., Jan. 17, 1910.

Librarian's Report.

To the Board of Trustees of the Nashua Public Library:

GENTLEMEN:—The Annual Report of the work of the Public Library for the year ending December 31, 1909, is herewith submitted for your consideration.

During the year 1301, volumes have been added to the catalogue by accessions making the total number entered 28,945. The sources of the year's accessions were as follows: By purchase 1,069, by gift 172, by binding periodicals 69. There have been 512 books rebound, of these 335 were in the main library, and 177 in the children's.

The list of periodicals received currently include 69 titles by subscription, and 22 by gift.

All books purchased or given have been catalogued, with the exception of some of the government publications, but any that can be of use to borrowers are placed where they can be had if wanted. The public is kept informed in respect to the purchase of new books by the kindness of our daily paper publishing the list each month. The bulletin published quarterly gives a classified arrangement of all the new books added during the three months preceding its publication, and its free to all who wish it. Beside the card catalogue and bulletins, near the delivery desk is a type written list of the books added each month.

It has been necessary to replace a larger number of worn out books than usual, in the main library 102, and 115 in the children's. Many of them having been read and reread so many times, that they were in a very tattered condition, as far as possible books have been bought in the Chiver's and library bindings, the better wearing qualities justifying the larger expense. Some of the replacements were purchased from a second hand

dealer, as in the older books very good copies could be supplied, thus lessening the expense.

Formerly discarded books were given to the Poor House, this year they have either been given to the Salvation Army or sold as waste paper. Some magazines for which we had no use, where there were many duplicates, were sent to the hospitals.

There have been 71,156 volumes given out during the year, of these 56,138 were in the main library and in the children's room 15,028.

No account is kept of the number of books used in the reference room, or of the number who visit it.

One of the most pleasing features of the years work is the largely increased use of the library by the scholars of our public schools in connection with their school work; showing as it does the usefulness of our library, and that the pupils are learning more and more how it can be of assistance to them.

The circulating department has been open every week day, except the holidays. The closing of the library and reading rooms on Thursday afternoon and evenings during the months of July and August has been continued this year. The reading rooms were closed on holidays, but opened week days and Sunday afternoons.

The registration of borrowers shows 535 new names, of this number 202 were children.

The demand for fiction we are still unable to meet. Novel reading is a vexed question, and the question has two sides. The Public Library is the public's library, and the librarians must serve the public, buying what is wanted as far as possible without infringeing on the rights of the other divisions of the library.

It would be helpful to those interested in industrial and scientific works, could we have open shelves for their use, so giving them the opportunity for making more satisfactory selections, and finding just the information needed, and in the children's

room a few changes would give the much desired book space and the librarian be shielded from the cold drafts coming from the lower staircase.

Respectfully submitted.

HARRIET CROMBIE,
Librarian.

REPORT OF MILK INSPECTOR.

NASHUA, N. H., March 14, 1910.

TO THE BOARD OF HEALTH OF THE CITY OF NASHUA :—

GENTLEMEN :—I submit below my report as Milk Inspecter of the City of Nashua for the year ending December 31, 1909.

Licenses.

Since assuming the office (April 1, 1909) I have issued 94 licenses for which I have received $188.00. This amount has been turned over to the City Treasurer. Ten licenses have discontinued and seven new ones added since the last report.

Examinations.

The total number of samples examined and collected was 98 These were tested for the percentage of butter fats, solids not fat, total solids, water, preservatives and adulterations. All specimens examined were found free from preservatives and adulterations.

Ice Cream.

Seven samples of ice cream were collected at the request of the State Board of Health. As a result one prosecution followed, a fine being imposed upon the offender.

Conclusion.

I am of the opinion that our milk supply compares very favorably with that of other places as to its high standard of purity.

Respectfully submitted,

GEORGE F. SPILLANE,

Milk Inspector.

CITY SOLICITOR'S REPORT.

NASHUA, N. H., January 11, 1910.

TO HIS HONOR THE MAYOR AND CITY COUNCILS OF NASHUA:

GENTLEMEN:—I submit the following cases in which during the year, 1909, the City of Nashua has been and is now interested.

Parker *v.* Nashua. Petition for abatement of taxes on real estate on the corner of Temple and Court Streets. Referred to a Commissioner.

C. R. Pease House Furnishing Co. *v.* Nashua. Four petitions for abatement of taxes upon stock in trade and fixtures and real estate upon Pearl Street. Referred to a Commissioner.

Nashua *v.* W. N. & P. and B. & M. R. R. Petition to compel the railroad to secure the bridge at crossing at Eaton Street.

Nashua Card and Glazed Paper Co. *v.* Nashua. Two petitions for abatement of taxes.

Burke et al. *v.* Nashua. Petition to enjoin the City of Nashua from using dump on Ash Street.

Wright *v.* Nashua. Action to recover damages for polluting water in a well on plaintiff's land.

Gallagher *v.* Nashua. Action to recover damages for polluting water in a well on plaintiff's land.

Ledoux Bros. *v.* Nashua. Action to recover damages to a horse caused by falling on Main street.

Keegan *v.* Nashua. Action of Trespass for taking and damaging land on Hobbs Avenue.

All the above cases are pending in court for adjudication. Ledoux Bros. *v.* Nashua has been transferred on questions of law to the Supreme Court.

The case of Wallace *v.* Nashua, an action to recover for drugs furnished the City of Nashua, has by a settlement through the Finance Committee been discontinued.

During the year, 1909, I have fulfilled all duties incumbent on me as City Solicitor,

Respectfully submitted,

WILLIAM H. BARRY,

City Solicitor.

ANNUAL REPORT

OF THE

TRUSTEES OF WOODLAWN CEMETERY.

To His Honor the Mayor and the City Councils of the City of Nashua, N. H.

Gentlemen:—Agreeable to an act of the Legislature of the State of New Hampshire, creating a Board of Trustees for Woodlawn Cemetery in Nashua, the following is respectfully submitted as their Annual Report.

Two hundred ten ft. of new road 15 ft. wide, and 240 ft. of paths, or walks, 6 ft. wide, made.

Sections "H" and "J" laid out and graded ready for the sale of lots.

Eight lots in range No. 18, and 7 lots in different ranges have also been graded.

Two hundred thirty-five ft. of new sewer, and 944 ft. of brick gutters have been laid.

A substantial wire fence has been set around the addition to the grounds at the west end, and the stumps removed from that section, in readiness for grading and laying out walks and roadways.

One half of the greenhouse has been re-glazed and the whole house re-painted inside and outside.

Six thousand two hundred fifty Browntail Moth nests were found and removed.

Ten Perpetual Care lots have been re-graded, and 42 repaired.

Headstones and curbings have been re-set where needed, and 62 headstones on old lots re-set, also graves and curbs repaired where needed.

The product of the greenhouse is estimated as follows:

Plants and flowers used on Perpetual Care lots..	$184.00	
Plants and flowers for ornamentation etc.	745.00	
		$929.00
To which may be added cash received from lot owners for flowers	$353.15	
Making a total product of.....		$1,282.15

BURIALS.

There were 142 burials during the year as follows:

Of resident adults, 60; of out of town adults, 41; of resident children, 30; of out of town children, 7; of premature births, 4.

Removals to this cemetery from out of town, 2; removals in this cemetery, 6.

There are at present 6 bodies in the Tomb.

Two soldiers have been buried, making the present total of soldiers graves, 297.

Funeral services have been held in the Chapel 12 times.

A record has been kept of all meetings of the Board.

Following is a statement of the condition of the Perpetual Care Fund, and of the financial transactions.

Perpetual Care Fund.

Balance cash available for expenses	586.27	
		$9,487.74

For the Trustees,

R. A. ARNOLD,

Secretary.

Nashua, N. H., January 1910.

ANNUAL REPORT

OF THE

TRUSTEES OF SUBURBAN CEMETERIES.

To His Honor the Mayor and the Honorable City Councils: —

Gentlemen:—The Secretary of the Board of Trustees of Suburban Cemeteries hereby submits his thirteenth Annual Report.

Condition of Cemeteries.

There have been no extended improvements made in the Old South Cemetery during the past year. It has, however, received its usual care. There is great need of lowering and relaying the bank wall on the east side adjoining the highway. The road bed was lowered considerably when the State road was built. Nothing has been done to remedy this bad effect as our annual appropriation did not provide sufficient means.

The improvements in the Evergreen Cemetery have been carried forward as far as our finances would permit. As an evidence of manifest interest our lot owners are constantly making improvements and erecting costly monuments.

The Hillside Cemetery is in its usual good condition. And the Gilson Cemetery has also received careful attention during the past season.

Interments.

During the past year there have been five interments; two at the Evergreen Cemetery and three at the Hillside Cemetery.

Finances.

Cash in the hands of the Treasurer January 1, 1909	$12.25	
City appropriation.....	650.00	
Interest on City Note.....	12.00	
Coupons on City Bonds.....	24.00	
Cash collections from cemeteries.....	115.35	
		$813.60
Bills approved and paid.....	$804.92	
Cash in hands of Treasurer.....	8.68	
		$813.60

Perpetual Care Fund.

City Note.....	$200.00	
City Bonds.....	800.00	
City Guaranty Savings Bank.....	300.00	
Accrued interest on the above (Jan. 1, 1909).....	33.13	
People's Institute for Saving.....	100.00	
Accrued interest on above (Jan. 1, 1909)	4.71	
		$1,437.84

LEVI W. GOODRICH,
Secretary.

Nashua, N. H., Dec. 31, 1909.

ANNUAL REPORT

OF THE

TRUSTEES OF EDGEWOOD CEMETERY.

To the Honorable Mayor and City Councils:

Gentlemen:—The Trustees of Edgewood Cemetery present their 17th Annual Report, covering the calendar year, 1909, as follows:

Your Trustees have held such regular and special meetings as have been necessary to properly manage the affairs of the Board. The grounds, buildings and tools have been suitably maintained and all are in excellent condition. Some further cobblestone gutters have been laid. Border Avenue, the main drive around the Cemetery grounds, has been rough graded for about 700 ft. from its intersection with Pine and Walnut Avenues. We had on hand a large lot of cobblestone unsuitable for gutters and other general uses, and have had this crushed for use on our drives. The new records mentioned in our last report have been virtually completed, although we hope to yet find information as to a number of unknown interments. As no further payments will be received from the Nashua Savings Bank, we shall this year make good to the Permanent Care Fund the $20 deficit on Nashua Savings Bank account, charging the same to expense.

The following statements show the financial condition, and the receipts and disbursements of the Treasurer for the calendar year, 1909.

Trust Funds for Perpetual Care of Lots.

Amount at last Annual Report.....	$12,799.33	
Amount received during year (3 bonds)	400.00

		$4,542.57

For the Trustees, respectfully submitted,

HENRY H. DAVIS, *President.*
JOSEPH L. CLOUGH, *Secretary.*

Nashua, N. H., January, 1910.

REPORT

OF THE

PARK COMMISSIONERS

To His Honor the Mayor and City Councils of the City of Nashua.

Gentlemen:—The Park Commissioners make the following report for the year ending Dec. 31, 1909:

Good progress has been made in this department during the year. This was made possible by the special appropriation of $2,500 by the city, being the balance of money due for special work on the west side of Concord Street at Greeley Park, and by careful expenditure of our annual appropriation for general work.

The Manchester Street entrance to Greeley Park has been graded and planted with a variety of shrubbery which will make a pleasing appearance the coming summer.

The grading on the site of the Greeley buildings has been completed and seeded. This will be a continuation of the lawn made a year ago. It will be kept attractive by the use of a horse lawn mower which has been purchased during the year.

A granolithic walk, 6 ft. wide and 600 ft. long has been constructed along the west side of Concord Street at Greeley Park. This has been made possible by the generous gift of Mrs. Clara R. Wheeler.

For the first time in the history of Greeley Park, cultivated flowers have been set out in beds, and were in blossom the entire summer without being molested. This feature of beautifying the park will be continued during the coming year.

South Common.

One section of a new fence, consisting of cement posts, re-enforced by iron rods, and a 2-inch iron pipe for a rail, has been placed in position during the year, and has met with many favorable comments. Another section will be constructed during the coming spring. The posts are being made this winter so as to be well hardened before being placed in position.

Forty maple trees have been set out during the year. Each tree has been planted in a pocket of loam which will insure nourishment for many years to come.

North Common.

Since the base ball diamond was completed on South Common, there has been many requests for a like diamond for the boys on the North Common. During the year a good base ball diamond has been laid out with a back stop and bleachers. The diamond has been moved farther away from the school building so to make as little interference with the school work as possible. This arrangement has proven very satisfactory to those who use the diamond.

Other Squares.

The other squares have had their usual care. New iron settees have been placed on Abbott and Railroad squares. They are of a new pattern and add to the appearance of these shaded places.

Moth Work.

The moth work has been done this season more to the satisfaction of the Park Commissioners than in previous years. Available funds made it possible to start the work much earlier, thus enabling us to select good weather and work but one crew.

Needs.

The Park System needs a larger appropriation if cared for as it should be. The improvements at North and South Commons, as well as at Greeley Park, need larger appropriations for their care, and if improvements are to be continued in the Park System, a larger annual appropriation must be made.

Respectfully,

HENRY H. DAVIS,
ELMER W. EATON,
HERBERT E. KENDALL,
Park Commissioners.

Nashua, N. H., January, 1910.

REPORT

OF THE

POLICE COMMISSIONERS.

OF THE

CITY OF NASHUA, N. H.

1909

To His Honor the Mayor and the Board of Aldermen:

The Board of Police Commissioners for the City of Nashua make their Eighteenth Annual Report for the year ending December 31, 1909.

The regular meetings of the Board have been held and numerous special meetings. The complaints heard have not resulted in the discharge of any officer. Regular officers Stark and Baker resigned and Frank A. Mansur and James J. McLaughlin were elected to fill the vacancies.

The same necessity exists for the Patrol wagon and also for additional protection and the Commissioners trust that sufficient money may be appropriated so that a proper and suitable Police Department may be maintained.

The following is a statement of the different offenses for which arrests were made,and the number of the same, showing how disposed of, and the amount received through license fees and incidentals and the amount paid out.

List of offenses:—Continued.

Conducting theatre without license	4
Dealing in junk without license	4
Derisive language	17
Disorderly conduct	41
Disorderly house	3
Drunkenness	419
Defacing building	9
Embezzlement	2
Exposure of person	1
Evading payment of carfare	1
Fast driving	3
Fornication	4
Fugitive from justice	4
Gambling	4
Interfering with person in pursuit of lawful business	3
Keeping for sale liquor	5
Keeping shop open Sunday	1
Keeping dog unlicensed	1
Keeping gambling house	2
Larceny	47
Larceny from the person	2
Lewdness	5
Loitering in public place	1
Malicious injury or mischief	4
Murder	1
Noise and brawl	37
Non-support of family	11
Obstructing sidewalks	6
Obstructing officer	15
Overdriving	1
Peddling without license	1
Playing unlawful game in street	2

List of offences :—Continued.

Rape	4
Receiving stolen goods	2
Running away from confinement	1
Sabbath breaking	12
Street walking	2
Selling registered bottles	1
Stubborn child	7
Tramp	2
Trespass on railroad property	9
Vagabond	36
Violation of fire ordinance	1
Violation of food law	1

Sentences.

Appealed from	4
Bound over to Superior Court	48
County Jail, Manchester	68

REPORT

OF THE

PROBATION OFFICER.

To His Honor the Mayor and Board of Aldermen :

The operation of the Probation System in conjunction with the Juvenille Court in the City of Nashua for the year of 1909 may be considered as quite successful.

In addition to the number of probationers carried over from the preceding year, there were placed on probation in charge of the Probation Officer, eighteen new cases of juvenile offenders and five cases of adult offenders.

In almost every instance, the juveniles were first offenders, and as the following list will show, a majority of the offences charged were such as to be expected from juveniles—petit larceny being the most frequent.

The aim of the Court in dealing with youthful offenders being reformative rather than punitive, a large number of those brought before the Juvenile Court were placed on probation in charge of the Probation Officer rather than summarily sentenced to the Industrial School.

Improvement was noted in most every case with which the Probation Officer had to deal ; which may be attributed to the encouraging and restraining influence which is sought to be imparted to the probationer.

While the Probative System has shown satisfactory results in a general way, it has been especially effective in dealing with cases of truancy.

The private session of the Juvenile Court, together with the provision of the law which forbids publicity of the names of juvenile offenders, are features which have proven commendable.

List of Offences and Disposition of Cases in the Juvenile Court of the City of Nashua during the Year, 1909.

Whole number arrraigned	41
Number of boys	36
Number of girls	5

Offences.

REPORT OF EXECUTIVE COMMITTEE.

Dr. A. W. Shea, as Chairman of the Executive Committee, presented the following report:

To the Nashua Hospital Association:

Gentlemen:—The Executive Committee of your Board of Trustees submits the following report for the year ending, Dec. 31, 1909:

Number of surgical cases admitted during year . . .	367
Number of medical cases admitted during year . . .	104
Total number of cases	471
Number of accidents admitted	141
Number of major operations	116
Number of minor operations	251
Total operations	367
Number admitted in moribund condition	5
Number died from accident and disease	19
Total deaths	24
Average number in hospital each day	17
Number of patients who paid their bills.	369
Number of patients who paid part of their bills . . .	15
Number of patients who paid nothing on their bills.	87
Average cost per day per patient.	$1.60
Percentage of charity patients to total number . . .	21
Increase in number of patients over last year	63

Early in the spring the City Council saw fit to reduce the annual appropriation $1,000, which, in our straightened financial condition, made a serious problem for the hospital management to face. The matter was brought to the attention of the hospital staff, and the importance of its assistance in securing prompt payment of bills, and in saving in prescriptions and supplies dwelt upon. While accident and emergency cases, other than contagious diseases are always admitted promptly, an effort has been made to place responsibility for payment whenever this could be done. Operative cases and medical cases are required to pay in advance on entering the hospital.

It is gratifying to note, that by the practice of the most rigid economy on the part of the matron and the nurses the house expenses have been materially reduced; and through the kindly co-operation of its friends, the hospital has been able to secure enough money to pay its running expenses.

The improvements made since our last report include a dark room for nose and throat, eye and ear, and X-ray work; painting and renovating every room in the building; and widening and dressing the sidewalk on Prospect Street. This latter work has been done by direction of Mr. F. W. Estabrook, who generously bore the expense of the same.

The increase of patients over that of a year ago, the daily average passing all records since the hospital was founded; and frequent overcrowding of the building, when cots have to be set up in the rooms and corridors, bring forcibly to mind the fact that this is a growing city, and that we must keep pace with the demands for hospital accommodations. In the near future the building must be enlarged, or a new structure erected to take its place—larger and with all modern hospital improvements. At the present time the nurses occupy the third floor of the main building and part of the second floor of the annex. They should be housed in a separate building or Nurses' Home, where there is more freedom and where it is possible to get away from the

hospital atmosphere for a portion of the twenty-four hours. It has been found that better work and more of it can be done by providing proper recreation for nurses, and every modern hospital is securing a Nurses' Home as an important part of its outfit.

With a new building for hospital purposes, the present main part of the house could be utilized as a Nurses' Home, and the Emergency Hospital would be second to none in the country for completeness and in the character of its work.

It is four years since this institution made a public appeal for support. The cash donations since that time have been few and far between. The frequent demands from clubs, societies and various fads of the day have no doubt taken the people's charity cash to a great extent. When all worthy objects have been considered, however, it can be said without contradiction, that the relief of human suffering, from accident or disease, is the noblest charity of all. It is a work for which there will always be a demand and for the support of which we must look to the charitably inclined. It is hoped that during the coming year someone may be found who is both able and willing to give us a new building, and that the public in general, for whose good it exists, will not forget the needs of this struggling institution.

We have only words of praise for the matron, Miss Elizabeth Heineman, and her able corps of nurses.

The members of the staff have responded to all cases and have shown interest in their work.

Respectfully submitted,

EXECUTIVE COMMITTEE,
A. W. SHEA, *Chairman.*

TRAINING SCHOOL REPORT.

To the Trustees of the Nashua Emergency Hospital, Nashua, N. H.:

Gentlemen:—I herewith submit the following detailed report of the Committee of the Training School for the year, 1909:

Number of nurses in school January, 1909	11
Number of nurses graduated during the year 1909 . .	1
Number of nurses accepted during the year, 1909. . . .	8
Number of nurses withdrawing during the year 1909 .	5
Number of applications received during the year 1909 .	40

A course of lectures covering all the ground of medicine and surgery has been delivered during the year by sixteen Nashua physicians.

The Committee is much pleased with the interest manifested by the nurses and also with the results obtained.

An endeavor has been made to give instruction in the following manner:

Nurses are taught how to act in the various emergencies occurring in hospital and private nursing, as well as in the accidents of ordinary life. They are also given lessons in *massage*. There is a systematic course of training in cookery for the sick, the serving of food and delicacies in the proper manner, and the feeding of helpless patients, or those who resist food.

Instruction is also given in the measures necessary for the care of all cases, medical, surgical, maternity and infectious: in the best practical methods of supplying fresh air, of warming and ventilating sick rooms in a proper manner, and the proper care of sick rooms for the best good and comfort of the patient; in

keeping all utensils and appliances perfectly clean and disinfected; in making accurate observations of the pulse, temperature, respiration, expectorations, the secretions, state of the skin and eruptions, of mental condition as to delirium, stupor, shock, etc., of the condition as to sleep, appetite, effects of diet, or of stimulants and medicines, of the behavior of wounds and the after-treatment in surgical operations; and in the managing of convalescents. Nurses are taught to administer medicines and to apply external remedies; how to take notes on cases, how to make up the nurse's record, and the reports of the attending doctor.

Some considerable revenue has been received by sending a few of the second year nurses to be employed in private cases.

Much credit for the efficiency of our Trainers should be given to the Matron, Miss Heinemann, who has assisted and aided the endeavors of the physicians by oral and clinical instructions outside the lecture room.

It is with much gratification that we look forward to the continued prosperity and future success of this department of the Nashua Emergency Hospital.

Respectfully submitted by the Committee on the Training School.

C. B. HAMMOND,
Chairman.

TRAINING SCHOOL FOR NURSES.

The Superintendent of the hospital has the immediate charge of the Training-School, under the authority of the Trustees, and the nurses are subject to the rules of the hospital.

Candidates for admission to the Training School must be between the ages of 21 and 35 years. They must possess a good common-school education, and be strong and healthy. Reference from the family (or some other) physician as to their physical condition will be required and certificate of recent vaccination. Teeth must be in good condition before entering the school.

All nurses are required to be sober, honest, truthful, trustworthy, punctual, quiet, orderly, cleanly, neat, patient, kind and cheerful, and at all times to conduct themselves as is befitting the members of a noble profession.

The instruction includes the general care of the sick, the making of beds, changing beds and body linen, managing of helpless patients in bed, etc.; giving baths, keeping patients warm or cool, prevention and dressing of bed sores, and proper management of the patient under various conditions, with different diseases or injuries; the making and applying of bandages, preparation of splints, application and management of surgical apparatus; applying of fomentations and poultices, the dressing of burns, ulcers and wounds; the administering of enemas, and use of the female catheter. The pupils are taught to make accurate observations of the state of the secretions, expectoration, pulse, skin, appetite, temperature of the body, intelligence

(delirium or stupor), sleep, condition of wound, eruptions, effect of diet, stimulants or medicines, and to learn the management of convalescents, obstetric and contagious nursing. There are also classes in cooking and massage.

The course of training includes a fixed course of instruction, during twenty-six months from manuals and text-books, given by the Superintendent. Lectures and demonstration are given at stated times by the surgical and medical staff of the hospital.

Hours of duty for day nurses are from 7 a. m. to 7 p. m.; for night nurses from 7 p. m. to 7 a. m. Each nurse on day duty is allowed one hour after 2 p. m. for rest and recreation, one-half day after 1:30 p. m. each week, and four hours on Sunday. Two weeks' vacation is allowed each year. If nurses are sick, they are cared for in the hospital, but wages are stopped. Nurses on night duty are required to be in bed from 9 a. m. to 4 p. m.

Probationers are not paid during the first two months, but for the remaining months of the first year they receive nine ($9) dollars per month, for the second year twelve ($12) dollars per month, to pay the expenses of their uniform, personal clothing and other minor requirements. This sum is in no wise intended as wages, it being considered that their education during this time is a full equivalent for their services. The charge for their services when employed outside the hospital will be board and $10 a week; it being understood that these charges are subject to modification under the advice of the physicians.

When the full term of twenty-six months is completed, the nurses receive, if they pass all the examinations and are otherwise satisfactory, a diploma certifying to the regular course of training and practice.

The school year has no fixed date, but accepted candidates are received in the order of acceptance, and will serve two months' probation. When coming to the hospital they should bring with them the following articles: two or three gingham or calico

dresses, made plainly ; two or three colored washable skirts ; six large white aprons, made of bleached cotton ; two bags for soiled clothes ; one pair of scissors ; and napkin ring ; a good supply of plain underclothing, every article to be distinctly marked with owner's name. Nurses are required to wear sensible, well-fitting boots, with rubber heels.

Nurses must wear the Training-School uniform after they join the school.

TREASURER'S REPORT.

NASHUA, N. H., Jan. 18, 1910.

TO THE NASHUA HOSPITAL ASSOCIATION:

GENTLEMEN:—Your Treasurer respectfully submits the following statement as his report for the year ending Dec. 31, 1909:

Received.

From cash on hand Jan. 1, 1909	$1,352.78	
From City appropriation	1,500.00	
From donations in cash.	994.54	
From income from patients	7,498.07	

Paid Out.

For medical and surgical supplies	$1,491.78	
For salaries	2,907.97	
For hospital supplies	2,600.96	
For fuel and light	1,119.70	
For laundry	745.61	
For interest on loan	200.00	
For repairs	476.94	
For water	161.00	
For incidentals	377.45	
Balance on hand	1,263.98	
		$11,345.39

Cash Donations.

Miss Alice Heselton	$ 10.00	
Ladies' Charitable Society, First Congregational Church	10.00	
Miss Margaret Greeley, proceeds of Children's fair.	2.50	
Boston & Maine	250.00	
Estabrook-Anderson Shoe Company . .	250.00	
Estate Nancy U. Farmer	472.04	
		$994.54

Statement of Wm. S. Atwood Fund.

Proceeds Wm. S. Atwood legacy received June, 1906	$374.17	
Interest to Jan. 1, 1910	37.19	
		$411.36

Particular attention is called to the fact that the appropriation from the city was reduced from $2,500 to $1,500, a circumstance much regretted, as the money lost from this source could have been well expended in needed improvements. And attention is also called to the amount received in cash donations. The Estabrook-Anderson Shoe Company, and the Boston & Maine railroad continue their contributions and this year a legacy from on the part of the citizens of the city Nancy U. Farmer of $472.04 was received. Other than these only $22.50 was received from the charitably disposed of the city, namely, $10 each from Miss Heselton and the Ladies' Charitable Society of the First Congregational Church, and $2.50 from Miss Greeley, the proceeds of a children's fair held under her direction.

We will repeat from other years : No worthier charity exists in the city, and our citizens should give the institution their moral and financial support.

Respectfully,

JAMES B. CROWLEY,
Treasurer.

Auditor's Report.

NASHUA, N. H., Jan. 18, 1910.

I have examined the accounts of the Treasurer and find them correct.

I. G. ANTHOINE, *Auditor.*

DONATIONS FOR THE YEAR, 1909.

Daniel F. Shea, receipted bill, 9.05 ; glass for operating room table.

Miss Clarrisa Hills, table covers, dishes for tray, ice cream candy, old linen, grapes and pickles.

Dr. Allen, milk during Summer, tomatoes, beans and apples.

Mrs. Mitchell, eggs.

Mrs. Gardner, magazines.

White Mountain Freezer Company, ice cream freezer.

Dr. Atherton, ice chest.

King's daughters, sheets, towels, curtains and table napkins.

Mrs. Flanders, old linen.

Unknown, old linen and magazines.

Mr. Keys, apples.

Mrs. Sophia White, apples, grapes and pears.

Miss Kay, table covers.

Mr. Wm. Reed, apples and vegetables.

Mrs. Rice, old linen.

Mrs. Brigham, doll for children.

Smith's Book Store, magazines.

Dr. Dearborn, carrying chair.

Mrs. Phelps, magazines.

Governor Goodell, silver knives and forks.

Margaret Greeley and friends, proceeds from small play, $1.50.

Dr. Wallace, vegetables.

Miss Mary Evans, two dozen silver spoons and dishes for tray.

Mrs. Buzzell, towels and table covers.

Mrs. William McCarty, sewing.

First Congregational Church, sheets and pillow slips.

Pilgrim Church, sheets, pillow slips and towels.

ANNUAL REPORT

OF THE

BOARD OF HEALTH.

To His Honor the Mayor, and City Councils:—

Gentlemen:—The Board of Health submits their report for the year, 1909.

The appropriation for the Board of Health was exhausted early in the year. The Mayor was notified that additional funds were needed to complete the year, and he assured the Board that funds would be provided to pay the bills.

The additional expense was due to the opening of the Isolation Hospital for the care of patients ill with Scarlet Fever and the hiring of trained nurses when needed.

The Isolation Hospital was opened for a period of forty-three days.

One of the most urgent needs of the City is a Municipal Hospital for the care of contagious diseases. The present Isolation Hospital is without running water, telephone connections and is far from being an ideal place for seriously ill people.

In order to increase the efficiency of the Board of Health we would advocate the creation of the office of Health Inspector, as there is need of such an officer in a city of this size.

We would earnestly advocate the appointment of one or more school physicians to inspect pupils in our public schools.

There is crying need in the City of Nashua for the care of chronic tubercular cases, and we would suggest the erection and maintenance of a Hospital for such cases.

Numerous complaints were received during the year and were promptly disposed of.

The whole number of deaths reported to the Board was as follows:

Abscess of:	
brain	2
larynx	1
neck	1
post pharyngeal	1
sternum	1
Accidental:	
drowning	2
runaway	1
struck by train	2
Addisons disease	1
Anæmia	1
pernicious	2
Angina pectoris	1
Apnœa	2
Apoplexy	12
Appendicitis	1
superative	1
Arterio sclerosis	4
Asphyxia	2
by gas	1
in utero	1
Asthma	1
cardiac	1
Atelectasis	1
Atrophy of liver	1
Brain:	
organic disease of	1
softening of	1
tumor of	1
Bronchitis	3
acute	2
capillary	1
chronic	3
Burns	1
extensive	1
Cancer of:	
breast	1
glands of neck	1
hand	1
intestines	1
liver	2
pancreas	3
rectum and bladder	1
uterus	1
Cholera infantum	30
Cirrhosis of liver	1
Colitis	1

REPORT OF CITY PHYSICIAN.

To His Honor, the Mayor, and the Honorable City Councils :—

Gentlemen :—I herewith submit the report of the City Physician for the year ending December 31, 1909.

During the year 312 house calls and 291 office visits were given to the dependant poor of the city, and 22 patients were treated at the police station. The following death occurred : Solomon Benoit, Bright's Disease.

Respectfully submitted,

PATRICK J. McLAUGHLIN,

City Physician.

RESOLUTIONS

AND

ORDINANCES

Passed During the Year

1909.

RESOLUTIONS AND ORDINANCES.

RESOLUTION.

ADOPTING JOINT RULES AND FIXING TIME FOR HOLDING REGULAR MEETINGS.

That the joint rules of the City Councils for the year 1908 be, and the same are hereby adopted for 1909, until otherwise ordered. And the time for holding regular meetings shall be on the second and fourth Tuesdays of each month at seven o'clock and thirty minutes in the afternoon.

Passed Jan. 1, 1909.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the Mayor and City Treasurer for the time being are hereby authorized to hire money, in anticipation of taxes, to pay the current expenses of the several departments, or any outstanding notes, city scrip, certificates of stock, bonds or other evidences of debt of the City becoming due, and to give promissory notes of the city therefor.

Passed Jan. 1, 1909.

RESOLUTION.

APPROPRIATING MONEY FOR THE EXTERMINATION OF BROWN TAIL MOTHS AND OTHER INJURIOUS INSECTS.

That the sum of $1,000.00 be, and is hereby appropriated for the extermination of brown tail moths and other injurious insects in the City of Nashua.

Said amount to be expended under the direction of the Park Commissioners and to be taken from any money in the City Treasury not otherwise expended.

Passed February 9, 1909.

RESOLUTION.

AUTHORIZING THE MAYOR TO SIGN THE CONTRACT FOR PRINTING THE CITY REPORT.

That the Mayor be and hereby is authorized and instructed to sign the contract for printing the City Report with Emile E. Marquis.

Passed January 26, 1909.

RESOLUTION.

RELATING TO NORMAL SCHOOL.

Whereas, the Legislature of New Hampshire has under consideration a bill providing for the establishment of a new Normal School, and giving to any city or town, where said school may

be located, the right and authority to appropriate money as a gratuity to aid in the establishment of such school.

Now therefore, be it resolved by the City Councils of Nashua, that if the State of New Hampshire will locate said school in this city, and will erect a building for the use of said school costing in the vicinity of $40,000.00, the said City of Nashua, when the requisite authority is obtained from the Legislature, will appropriate and give to the State toward the erection of such a building the sum of $15,000.00 in addition to the property known as the Arlington Street School and lot.

Passed Feb. 9, 1909.

RESOLUTION.

PROTESTING AGAINST A FLAT POLL TAX OF THREE DOLLARS.

Whereas, the principal of taxation has been to tax the polls of the City of Nashua on $100.00 worth of property at the same rate as real estate owners are taxed for each $100.00 worth of said property; and whereas, the State Legislature by its House of Representatives has passed a statute requiring that polls pay a flat tax of $3.00, independent of what the tax rate upon real estate may be, therefore be it,

RESOLVED, that in the opinion of the Board of Mayor and Aldermen and City Council of said Nashua, the principal is wrong and unjust that requires the polls of said City to pay a $3.00 tax rate and real estate on a $2.00 tax rate, and be it further,

RESOLVED, that the said Boards hereby protest against the enactment of such a law and against the enactment of such a statute it hereby registers its dissent.

Passed March 9, 1909.

RESOLUTION.

TO OBTAIN AN ACT OF THE LEGISLATURE EXEMPTING BONDS OF THE CITY OF NASHUA.

That a Committee of three consisting of one Alderman and two Councilmen, to be appointed by the Mayor and the President of the Common Council, respectively confer with the Nashua delegation in the Legislature and if practicable, obtain the passage of an act exempting the bonds which may be issued by the City of Nashua for the payment of the building of the annex to the High School from taxation.

Passed March 9, 1909.

RESOLUTION.

		$300,212.27

And that the sum of Two Hundred and Forty-nine Thousand Three Hundred Dollars ($249,300.00) be raised by taxation, and the balance be paid from any money in the treasury not otherwise appropriated.

Passed March 23, 1909.

RESOLUTION.

PROVIDING FOR A COMMITTEE TO BUILD AN ADDITION TO THE HIGH SCHOOL.

That a Committee of six, consisting of His Honor, the Mayor, and two Aldermen, to be appointed by the Mayor ; the President of the Common Council and two Councilmen, to be appointed by the President ; be constituted a committee to act with a similar committee already appointed by the Board of Education, to have full charge of the construction of an addition to the High School on the High School Lot.

Passed March 23, 1909.

ORDINANCE.

LICENSING SHOWS AND EXHIBITIONS.

That Chapter XXV. of the Revised Ordinances of the City of Nashua be, and the same is hereby repealed and the following is substituted therefor : —

Section 1. No showman, tumbler, rope dancer, ventriloquist, or other person shall for pay, exhibit any feats of agility or horsemanship, or sleight of hand, rope dancing, or feats of cards, or any animals, wax figures, puppets, or other show, or shall perform or exhibit any theatrical or dramatic representation in this City, nor give any musical performance, or exhibition of singing or dancing, or other exhibition or amusement of any kind with or without pay, unless a license or permit therefor in writing, specifying the time and object for which such license is granted, shall first be obtained from the Mayor, City Clerk and City Marshal, who are hereby constituted a licensing board.

Section 2. Every such person shall pay for such license for the use of the City the following sums:—For each circus or show where feats of agility, horsemanship, sleight-of-hand or rope dancing are performed and for menageries where wild beasts are exhibited, the sum of fifty ($50) dollars; for each band or troupe, or company of minstrels or comedians, and for all other theatrical and dramatic exhibitions, and for each show where feats of ventriloquism, sleight-of-hand or jugglery are performed, and for each panorama, mirror, stereoscopic, moving pictures or other views, the sum of one dollar for each exhibition; for each and all other shows, exhibitions, concerts or performances, the Mayor, City Clerk and City Marshal shall fix the amount to be paid as license, as they deem best.

Section 3. Theatres or places of amusement of a permanent character, may be licensed for a period of twelve months from the first day of May of each year. The sum for such yearly license shall be one hundred dollars, payable in advance. This license shall designate the location of said theatre or place of amusement, be made in the name of the proprietor or proprietors thereof, and shall not be transferable.

Section 4. All halls, theatres or places of amusement must be properly equipped and constructed under the direction of the Board of Fire Commissioners of the City, and the application for license be accompanied by their recommendation and approval.

Section 5. If any person holding a license shall desire to transfer to and carry on such business in other premises in said City than those designated in the original application and in the license, upon the making and filing of a new application said Board shall grant the same, subject to the same regulations and requirements as governed the original license.

Section 6. At any time after a license has been issued to any person the same may be revoked and cancelled by said Licensing Board, if the performances shall violate any of the criminal or moral statutes, or ordinances, be conducted in a building which

does not conform with the fire statutes, ordinances, or regulations of the Board of Fire Commissioners, or the place licensed be used for criminal or immoral purposes. But before any license is revoked or cancelled the holder shall be entitled to a hearing by said Licensing Board, and to five days previous notice thereof in writing, except that licenses of a temporary character may be revoked at any time by said Licensing Board without notice in their discretion.

Section 7. Any member of said licesing Board, Alderman, Police Officer or Agent, may enter upon the premises licensed under this ordinance at reasonable times to ascertain the manner in which said license is exercised, and to preserve order.

Section 8. All licenses or revocations thereof shall be subject to ratification by the Board of Mayor and Aldermen of said City of Nashua.

Section 9. All concerts, shows, exhibitions or performances originating in this City, and of a purely local character, shall be exempt from license or tax.

Section 10. If any person shall violate any of the provisions of this chapter, he or she shall, for every such offense, be punished by a fine not exceeding fifty ($50) dollars, nor less than fifteen ($15) dollars.

Passed May 11, 1909.

ORDINANCE.

TO PREVENT THE DISTRIBUTION OF HAND BILLS AND ADVERTISING LITERATURE IN PUBLIC PLACES.

That Chapter XVI of the Revised Ordinances of the City of Nashua be and the same is hereby amended by adding thereto the following provision :—

Section 1. No person shall himself or by his agent or agents distribute, cause to be distributed, or leave upon poles or stands erected therefor for distribution any hand bills, posters, fliers or other articles of advertisement which may litter or obstruct said street, lane, alley, common or other public place.

Section 2. This provision shall be known as and numbered Section 16 in said Chapter XVI, and Section 16 of original Chapter XVI shall be changed to and numbered Section 17.

Passed May 11, 1909.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the Mayor and City Treasurer be and are hereby authorized to borrow the sum of $15 000.00 to build the addition to the High School. This amount to be taken up by an issue of bonds for a like amount during the present year.

Passed May 11, 1909.

RESOLUTION.

AUTHORIZING THE PURCHASE OF COAL FOR THE YEAR, 1909.

That the Mayor be and is hereby authorized to contract for coal for the ensuing year with the Nashua Coal & Ice Company, A. W. Phelps, W. A. Shedd Edward Labree, George E. Balcom and Justin E. Hill as follows:

Broken per ton 2,000 lbs.....	$6.75
Egg, stove or nut 2,000 lbs.....	7.00

Passed April 27, 1909.

RESOLUTION.

OMITTING THE SECOND REGULAR MEETING DURING CERTAIN MONTHS.

That the second regular meeting of the City Councils be omitted during the months of June, July, August and September, 1909.

Passed June 8, 1909.

RESOLUTION.

GRANTING CITY CLERK A LEAVE OF ABSENCE.

That City Clerk, Arthur L. Cyr, be allowed a leave of absence of approximately thirty days during the months of July and August, and that Miss C. L. Bourgoin be and hereby is appointed City Clerk *pro tem* during his absence.

Passed June 8, 1909.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO ISSUE BONDS TO THE AMOUNT OF $46,000.

That the sum of $46,000 dollars be and the same is hereby appropriated for the following purposes :—

$21,000.00 to take up existing indebtedness.

$10,000.00 to refund an issue of bonds for a like amount.

$15,000.00 to build an addition to the High School.

Pursuant to the provisions of an act passed by the Legislature of the State of New Hampshire entitled "Municipal Bond Act of 1895."

The Mayor and City Treasurer are hereby authorized to issue, and the City Treasurer to sell gold bonds of the City of Nashua in the aggregate principal sum of forty-six thousand ($46,000.00 dollars) which gold bonds shall be of the date of September 1, 1909, and shall be payable at the office of the City Treasurer at Nashua or at the National Shawmut Bank in Boston, in the Commonwealth of Massachusetts.

The said bonds shall be payable to bearer and shall mature twenty years from the date thereof.

The said bonds shall bear interest payable in gold at four per cent per annum, payable semi-annually on the first day of March and the first day of September of each year upon the presentation and surrender of the proper interest coupons to the Treasurer of the City of Nashua at his office, or to the said National Shawmut Bank.

The said bonds shall be signed by the Mayor and shall be countersigned by the City Treasurer under the City Seal, and the interest coupons shall be signed by the City Treasurer.

The proceeds of the sale of said bonds shall be used to take up existing indebtedness, refund an issue of bonds, and build an addition to the High School as specified above.

The City of Nashua shall create a Sinking Fund sufficient to meet this issue of bonds.

Passed August 10, 1909.

RESOLUTION.

IN RELATION TO THE TIME FOR THE PAYMENT OF POLL TAXES.

That the time for the payment of poll taxes in the City of

Nashua be on or before September 1, 1909, and if such tax shall remain unpaid, the Collector is directed to proceed in the collection of the same according to Section 19, Chapter 60, of the Public Statutes of the State of New Hampshire.

Passed August 10, 1909.

RESOLUTION.

AUTHORIZING THE MAYOR TO EXECUTE A CONTRACT WITH THE NASHUA MANUFACTURING COMPANY CONCERNING A NEW SEWER.

Whereas, by virtue of a contract made by D. D. Crombie, agent of the Nashua Manufacturing Company dated April 23, 1869, a copy of which is hereunto attached, the Nashua Manufacturing Company, a corporation duly established by law and doing business at said Nashua, agreed with said City of Nashua perpetually to maintain a sewer from the Oval, so-called, across the land of said corporation to empty into the Nashua River, which said sewer has since that date been maintained by said Corporation in accordance with the terms of said contract; and,

Whereas, it is desired by said Corporation and said City, and the public good requires that the aforesaid sewer be discontinued and that all future liability on the part of said Corporation to repair and maintain the same, be released by said City; and

Whereas, the said Corporation has agreed to construct a new sewer from Factory Street to said Nashua River, east of the new mill now in process of construction by said Corporation; now therefore,

Be it resolved, that in consideration of the construction, and upon the completion of said new sewer to the satisfaction of the City Engineer of said City of Nashua, in accordance with plans now on file in said Engineer's office, and the granting to said City of the perpetual right to maintain said new sewer and the granting to said City of Nashua, its agents and employees, of the right at any and all times, to enter upon the premises of said Corporation for the purpose of repairing or removing said sewer, the said Nashua Manufacturing Company, its successors and assigns are hereby released from any and all liability to maintain said sewer mentioned in said contract of April 23, 1869, and any and all liability of every kind and nature growihg out of said contract, and be it further,

RESOLVED, that the Mayor of said City of Nashua is hereby authorized to have prepared, and to execute all necessary releases and contracts to carry this resolution into effect.

Passed October 12, 1909.

ORDINANCE.

RESTRICTING AND LIMITING THE TRAVEL OF HORSES, TEAMS, AUTOMOBILES, STREET CARS AND OTHER VEHICLES, OVER AND ACROSS TAYLOR'S FALL'S BRIDGE, SO-CALLED IN THE CITY OF NASHUA.

Section 1. No person, either himself or by his agent or agents, shall wilfully drive, ride or cause to have ridden or driven any horse, team or other vehicle over and across Taylor's Falls Bridge, so-called, in the City of Nashua, at a rate of speed faster than walk ; nor drive or cause to have driven any automobile over and across said bridge at a rate of speed exceeding six (6) miles per hour.

Section 2. No person or Corporation individually, or by agent, or agents shall wilfully drive, operate or cause to be driven or operated any street car or vehicle over and across Taylor's Falls Bridge, so-called, in the City of Nashua, when the weight of said car or vehicle, plus the weight of the passengers thereon shall exceed twenty tons; nor shall drive, operate or cause to have driven or operated any street railway car over and across said bridge at a rate of speed exceeding six (6) miles per hour; nor shall permit any street railway car or vehicle to be in and upon said bridge while any other street railway car or vehicle is thereon.

Section 3. Any person or corporation who shall offend against the provisions of this ordinance shall for every such offense be punished by a fine of five (5) dollars.

Passed September 14, 1909.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the sum of thirty-seven hundred ($3,700) dollars be and the same is hereby appropriated for the foliowing purposes:—

1. $1,200.00 for furnishing the High School Annex.
2. 1,500.00 for the School Department to finish the current year.
3. $1,000.00 for the Fire Department to finish the current year. The Mayor and City Treasurer are hereby authorized and instructed to issue notes of the City of Nashua for the above amount.

Passed Nov. 26, 1909.

RESOLUTION.

APPOINTING A SPECIAL COMMITTEE TO OBTAIN DATA FOR THE CONSTRUCTION OF A NEW BRIDGE ACROSS THE MERRIMACK RIVER AT THE TAYLOR'S FALLS BRIDGE, SO-CALLED.

That a special committee consisting of two Aldermen, to be appointed by the Mayor, four Common Councilmen, to be appointed by the President of the Common Council, and the Board of Public Works, be and the same thereby is appointed and empowered to confer and co-operate with the Selectmen of the town of Hudson, or such body as said town may designate, in inquiring into the needs and requirements of a new bridge over and across the Merrimack River at a point now occupied by Taylor's Falls Bridge, so called, and obtain plans, outlines, specifications, data, bids and approximate cost of the construction theeeof, including piers, abutments and all necessary adjuncts; that said committee be further instructed and empowered to confer with said town of Hudson, and surrounding towns benefitted by said bridge as to their proportionate share of the cost of said construction and with such electric railway corporations as use said bridge with a view to apportionment of the cost thereof under Chapter 110, N. H. Laws of 1909, and that a full and detailed report of all matters covered by this resolution with such recommendations as it deems advisable be made to the City Councils of said Nashua, by said Committee in such time and as soon as convenience will permit.

Passed November 23, 1909.

RESOLUTION.

INSTRUCTING AND EMPOWERING THE MAYOR TO EXECUTE AN AGREEMENT WITH THE BOSTON & MAINE RAILROAD COMPANY.

Whereas, the Board of Public Works has proposed for construction a drain from Broad Street south to the Nashua River

which drain, according to the plan hereunto annexed, is to cross the property owned or controlled by the Boston & Maine Railroad Company, under and beneath the tracks of the Nashua and Keene division thereof, and

Whereas, in the judgment of said Board of Public Works the public good requires that said drain be so constructed. and

Whereas, said Boston & Maine Railroad Company will agree to permit the City of Nashua to lay said drain as aforesaid, subject to the conditions of a license hereunto annexed and made a a part hereof,

Therefore, be it resolved, that the Mayor of said City of Nashua be and he hereby is empowered and instructed to execute said agreement or license for and in behalf of said City of Nashua.

Passed Nov. 9, 1909.

Report of the
BOARD OF EDUCATION
CITY OF NASHUA

19 09

BOARD OF EDUCATION.

CITY OF NASHUA.

CLERK'S OFFICE, JANUARY 28, 1910.

At a regular meeting of the Board of Education, this date, James H. Fassett, Superintendent of Schools, made his Annual Report for the year 1909, it being the forty-third Annual Report of the schools of Nashua. The Board voted to accept the report and the Committee on printing was instructed to print three hundred and fifty copies of the same.

ALBERT J. McKEAN,
Clerk.

BOARD OF EDUCATION.

ORGANIZATION FOR 1910.

HARRY H. BLUNT, *Pres.* ALBERT J. MCKEAN, *Clerk.*

MEMBERS OF THE BOARD.

Bradford Allen,	12 Auburn St.,	9 Main St.
Charles S. Collins,	Charlesmont,	Lowell Road.
Sam S. Dearborn,	6 Concord St.,	3 Abbott St.
Jeremiah J. Doyle,	7 Prospect St.,	I. O. O. F. Bldg.

Terms expire December 31, 1910.

Harry H. Blunt,	26 Kinsley St.,	Wonalancet Co.
Charles E. Congdon,	30 Concord St.,	77 Main St.
Albert J. McKean,	36 Concord St.,	70 E. Pearl St.
Daniel W. Perry,	82 Factory St.,	Nashua Mfg. Co.

Terms expire December 31, 1912.

John H. Field,	1 Dunstable Road,	22 High St.
Charles W. Howard,	40 Berkeley St.,	117 Main St.,
Arthur K. Woodbury,	42 Arlington St.,	42 Arlington St.
Arthur L. Wallace,	19 Manchester St.,	206 Main St.

Terms expire December 31, 1914.

Regular meetings of the Board on the last Friday of each month at 7:45 P. M.

TRUANT OFFICER.

HENRY B. MCCAFFREY,	99 Elm Street.

REPORT OF THE SUPERINTENDENT.

GENTLEMEN OF THE BOARD OF EDUCATION:

I beg to submit my seventeenth Annual Report, the forty-third of its series.

The school year 1908-09 was uneventful with the exception of two important matters. The first was the abolishment of the Nashua Training School, which had been in existence for fifteen years, and the second was the vote on the part of the Board of Education to materially increase the salaries of all the teachers below the high school. It is due the Nashua Training School to say that under the able management of Miss Lily P. Shepard it had furnished for the schools of Nashua strong and well trained teachers; but there has been and there always will be a danger in establishing a school within a community where pupils, after passing through the public schools, may be finished off as teachers under the same educational system, thus completing a cycle within which educational forms are apt to become crystalized. There is a liability that the instructor will teach by the same methods under which he was instructed, thereby tending to accentuate any evils which might exist in the system.

While it was clear that under the extremely low salaries which were paid the teachers of Nashua, the school authorities were practically forced to maintain a training school in which their own product could be made available as teachers, it has always been realized by this Board, I think, that the safer condition would be to pay our teachers a sum corresponding to that paid the teachers in surrounding places and thus be enabled to go into open market for the best which might be obtained. There can be no question but that the increase in salaries which the teachers have received will work for a decided advantage not only to the teachers themselves, but also to the community.

HIGH SCHOOL ANNEX.

The year 1910 sees the completion of the five-room annex to the high school building. This annex has been planned with a view to establish in it all the commercial departments which the school has at present, and which it may have for several years to come, for there is opportunity for large growth along these lines.

The annex has been exceedingly well constructed and follows out admirably the architectural lines of the original building. On the first floor is a large room about forty feet square which has been equipped in a most complete manner for the bookkeeping classes; while on the floor above, the rooms have been so arranged that they may be used as large single recitation or assembly rooms, or by lowering the movable partitions, they may be easily converted into four good sized recitation rooms capable of seating at least forty pupils each. As will be readily seen, these five rooms offer an immediate relief from the congested condition under which our high school pupils and teachers were laboring.

I believe there is a grave question whether the present heating plant will be sufficient to heat the annex in addition to the main bnilding. Steps should be taken to see what can be done toward the installation of an additional heater, and, in this connection, it should be borne in mind that within comparatively few years, it will be imperative to build another wing on the east side of the high school building, so that boilers, therefore, large enough to take care of both these additions should be provided.

ADDITIONAL ROOMS REQUIRED.

The opinion of the community was very forcibly expressed in the case of the Mt. Pleasant schoolhouse in regard to allowing pupils to attend school on the third floor of any school building, and I believe that it is the judgment of this Board that the practice of having schoolrooms on the third floor is to be condemned. At present however, we are obliged to occupy two rooms on the third floor in the Spring Street School, since it has been impossible to accommodate all of the pupils in the twelve rooms which make up the first two floors of this building. In addition to

these two rooms, which in reality should not be occupied, next year, undoubtedly, there will be the necessity of providing still another room to accommodate the incoming classes for the Spring Street School.

This additional class might be taken care of in several different ways. At present there is no grade above the fifth in the Harbor School, but by the addition of a two-room wing another grade might be accommodated which would relieve the congestion at the Spring Street School and would also provide a suitable room for the second grade at the Harbor which for several years has been occupying that part of the building which was originally intended for a hallway and which has always lacked sufficient light and ventilation.

Another, and to my mind a better method of solving the difficulty, would be to build a suitable six or eight-room building on the present Spring Street lot, which is ample for this purpose, and thus provide rooms not only for our present needs, but also for the future. By the erection of this building, the two rooms now on the third floor could be removed, the additional room which must be taken care of next year could be provided for, the room in the hallway at the Harbor could be dispensed with, and, in fact, the growing needs of our School Department would be anticipated for several years to come. Furthermore, this would carry out to a logical conclusion the policy which has been followed for a number of years by the Board of Education of centralizing, so far as possible, the Grammar School pupils and of maintaining scattered primary buildings, which act as feeders for the main Grammar School. The advantage of this system we have already realized in a distinct economy of supervision and more accurate grading of classes, besides the additional advantage of more economical janitor service and a saving on fuel consumption.

SUBURBAN SCHOOLS.

For many years the question has been agitated in regard to the centralization of our suburban schools. About sixteen years ago

when it was first discussed by this Board, it was to a large extent a new and practically untried idea. In practice it was confined largely to the western states, although a few towns in New England were even then using the plan with marked advantage. At present, however, the whole attitude of the rural population has changed in regard to this matter. The towns that have centralized their pupils are a unit in favor of the scheme. I have been unable, after careful research, to find a single town which after trying centralization has gone back to the scattered district schools.

In Massachusetts, during the past ten years, the amount of money expended carrying children to central schools has grown from $127,407 to $293,213, an increase of over 150 percent. At present in the towns of New Hampshire over 90 percent are using the centralizing scheme either in whole or in part, so that now over 60 percent of all the towns in the State are graded against 27 percent twenty years ago. These figures simply indicate the irresistable tendency toward higher educational ideas.

The advantages become so manifest upon trial, and are so keenly appreciated by the pupils themselves, that even where the plan was adopted against bitter opposition, the strongest opponents are now in many cases its most loyal supporters. It would seem, then, that it is time for this Board to at least consider the problem, carefully weighing the advantages and disadvantages, and see if on the whole it would not be wiser to bring the children from our surrounding districts into the central school system, and thus dispense with the present suburban schools. I would earnestly recommend that your committee take this matter under careful consideration and if it is not feasible to close all of the schools, to see if the plan could not be placed in operation for those which are most convenient to the city.

The factor of transporting the children has become of so much importance that there are several concerns who make a business of manufacturing wagons and sleighs designed expressly for this purpose. These are covered so that the pupils are protected in case of stormy weather, and the routes are usually so arranged

that the pupils from these country schools really have to walk much shorter distances than do the pupils in the city. In fact, in many cases, the team actually calls at the pupil's own home. It is impossible, in the brief space at my command in this report, to discuss in detail the advantages of the centralization of the suburban schools, but in addition to the actual saving of money, and this would be material, there would be that which is of far greater moment, a distinct gain in the educational progress of the pupils who now attend our ungraded district schools. It is the universal testimony of men who have made careful investigation of the matter, that when graduating, the average girl or boy who attends the ungraded school is from a year and a half to two years behind the pupils of corresponding ages who attended the graded schools in a city.

MANUAL TRAINING.

The gradual change of sentiment among the people of Nashua in regard to manual training is manifesting itself in many ways. The attitude which the Nashaway Woman's Club has assumed in regard to this important question cannot be too strongly emphasized or too greatly admired. It speaks well for the intelligence and the advanced ideas which are prevalent among the women of this community in regard to what constitutes a true education. The attention which the Board of Trade has granted the subject also deserves special notice. What is more significant, however, is the fact that the people, the mechanics and the workmen are coming to realize that the boys who are hereafter to take their places have a right to demand an education which will fit them with a reasonable degree of proficiency for their future vocations. The expressions which have come from the Honorable Mayor and the members of the City Government in commendation of this practical field of education are indeed encouraging and lead one to hope that in the near future they may see their way clear to providing us with funds for setting in motion this most practical educational idea of the twentieth century.

THE HEALTH OF OUR SCHOOL CHILDREN.

It may seem, upon first thought, that it is entirely out of the province of the educational system of a city to investigate and care for the health of its pupils. But if one will carefully consider the matter, it becomes apparent that in reality the business of the schools is simply a preparation for good citizenship, and from this point of view it is not only fitting but absolutely essential to examine into the physical well-being of those pupils who are to become the future citizens. We invite the children of this city to enter our schools, in fact we force them to enter, and provide expensive equipment, an equipment which costs this city in the neighborhood of eighty thousand dollars a year; for the purpose of training so far as may be, the physical, the mental, and the moral personality, if I may use that term, of the child. How foolish then, it appears to waste this valuable time of the teacher and deliberately throw away the training which the child might acquire simply for the lack of discovering and rectifying some little physical defect which careful medical inspection would at once disclose. Moreover, it would seem that the pupils and parents of the pupils have a right to the protection of the health of their children which proper medical inspection would provide. We collect the children in large masses, thus throwing open the door to many contagious diseases and kindred evils which under our present system we are powerless to prevent, but which under careful medical inspection, could in a large measure be prevented. I wish to reiterate that regular medical inspection is one of the most practical and far sighted policies which any board of education could adopt.

HIGH SCHOOL ATHLETICS.

There can be no question but that High School athletics form a legitimate part of our High School management. Whether they form too important a part from the boy's point of view is a question open to discussion. Notwithstanding the fact that many well informed people believe that athletics are being carried to an

extreme, yet they are becoming recognized more and more widely as an actual part of our High School equipment, and it behooves us to see that they are managed along intelligent and reasonable lines and to give them intelligent and reasonable support. As has been well said, the precedent of giving support to athletics was established years ago by maintaining a military company at the expense of the school department. It would appear, therefore, that the various forms of athletics, which in a way represent and take the place of this military training, should have a claim for support to as great an extent at least as was accorded the military training when the High School company formed an integral part of the High School training.

In closing this report, I wish to express to this Board of Education my appreciation of their uniform courtesy and fairness concerning all questions which have been brought before them during the past year.

Respectfully submitted,

JAMES H. FASSET,

Nashua, January 18, 1910.

REPORT OF DIRECTOR OF MUSIC.

JAMES H. FASSETT, SUPERINTENDENT OF SCHOOLS:

DEAR SIR:—The supervisor of music submits to you his thirteenth annual report, with the hope that his last recommendation may be realized in Nashua at no distant day.

As judgment must be passed on the results at the close of school life in the public schools I will give the summary of activities in the High School during the last year.

The Choral class is made up of 175 voices, from the three upper classes, and the ability of the pupils may be judged by the class of literature selected for study and public performance. At the last annual Musical festival of the Nashua Oratorio society the first concert was given by the High School chorus, with the assistance of the Boston Festival orchestra and three New York soloists, Miss Caroline Hudson, soprano; Mr. Cecil James, tenor; and Mr. Reinald Werrenrath, baritone. Miss Helen Ward of this city was the pianist.

The work produced was the dramatic cantata. "The Crusaders," composed by Niels W. Gade. And the results were the most gratifying since the present supervisor has had the music in charge.

The concerts are given under the patronage of the Nashua Oratorio society, with a view of fostering the best class of music in our public schools, and also that the pupils may be associated with the best artists and orchestras in the land. The deficiency in the financial returns which occurs very often is made up by the management of the Oratorio society. That the results have warranted the outlay is shown by the large number of recent graduates of the High School who are filling responsible positions in the musical activities of this and other cities of New England. This is the only school in the country which has carried on this work for any length of time with the co-operation o

professional orchestras and solo artists, and the results have attracted the attention of musicians all over the country.

This school has now in preparation a new composition, a lyric cantata, the text taken from Longfellow's Song of Hiawatha, the second portion, "The Four Winds," set to music by Carl Busch, a prominent musician of the West, who has made a special study of Indian music, some of which is used in this work. This will be performed at the festival in May, with New York soloists and an orchestra.

In all grades below the High School the teachers and pupils are doing as fine work as it is possible to find in any school in the country. The material used is the same as that in use last year, the most modern and best. There is a healthy enthusiasm which makes the work a pleasure as well as a benefit.

In conclusion I wish to urge a new departure in the High School. Many of the large universities have of late put music on a credit basis for entrance and for a regular part of the academic course, either vocal, instrumental or theoretical. Within a month a student at Harvard has been awarded a $1,000 prize in the Paderwski contest in composition.

The High School should encourage the serious study of music to a larger degree than the present. It should become a credit study, whether the work is done in school or out of school, in pianoforte, violin or other orchestral instruments, or the serious study of singing under competent teachers. Such study would be credited for entrance to any of the large universities, and would also enhance the course to those who do not go to college. To this end there should be established in the High School a two years' course in history of music, theory and musical forms, which would require very little outlay.

The undersigned is grateful to you, Mr. Superintendent, to the Committee on Music, to the Board of Education and the entire corps of teachers for the kind cooperation in the advancement of the art of music in Nashua.

Respectfully submitted,

E. G. HOOD.

Nashua, N. H., January 1, 1910.

REPORT OF DIRECTOR OF DRAWING.

JAMES H. FASSETT, SUPERINTENDENT OF SCHOOLS:

DEAR SIR:—It gives me great pleasure to report that the drawing in the High School is being carried on under the most satisfactory conditions that have existed since I have had charge of the Drawing Department.

Formerly, one period a week was set apart for music and drawing, the choice being left to the the pupils. This was unfortunate, for it frequently happens that boys and girls who have a decided taste for drawing are also musical, and as the lessons came at the same time, it was impossible for these pupils to obtain instruction in both subjects.

The closing of the Training School relieved me from teaching the young ladies who were fitting themselves to be teachers, and thus gave me several free periods. Mr. Noyes very cordially asked me to come to the High School one day each week, and teach pupils who might elect to take drawing in their study hours.

Several cities in New Hampshire and Massachusetts are conducting drawing in their High Schools in this way and so far as I can judge the plan is going to succeed here.

For the last few years, under the old plan, about eighteen pupils elected to take drawing each year. The class in the Training School average about twelve, therefore not more than thirty pupils above grammar school age ever received the benefit of such instruction. This year, under the new plan, as many as fifty-eight pupils have been registered in the different drawing classes at one time, and although it is probable that from time to time, some will drop out, feeling obliged to use their study periods for their regular school work, I feel confident that on the whole I shall reach a much larger number of pupils. I can

give better account of the kind and quality of the work another year. I will simply say now that we are attempting designing, leather work, stenciling and the regular mechanical drawing.

With regard to the other schools the only important change has been the continuing of the water color painting into the third grade. It seemed at first a rather formidable undertaking to manage a large class of little children, each provided with a paint box, a water cup, a brush and paper, but paints are undoubtedly the best medium with which children can express themselves, and their interest in the work is so intense that the teachers have been willing and able to overcome the difficulties and are, on the whole, enthusiastically in favor of using water colors instead of colored pencils.

I should like to say, before closing, that I think the teachers feel a great instérest in drawing, and put into the teaching of each lesson that interest and energy without which no course of study can be a success.

I thank them and also the Board of Education for their invariable support and co-operation.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.
